Bring the family!

Exhibitors on site

Featured Speakers

Building A Strong Safety Culture Dr. Earl Blair, CSP

Dr. Blair will explore recent research and experience to identify best practices for developing a strong safety culture. Topics include how to identify and measure safety culture, ways to improve culture with lasting behavioral changes, and specific roles and responsibilities for safety professionals and leaders in safety culture development. Ideas and rationale will be provided for imbedding a coaching culture, a reinforcing culture, and a reporting culture in your organization.

Gene Barfield, CSP, ASSE fellow 2003-2004 President-Elect

Gene Barfield, CSP is Corporate SH&E Director, Danos & Curole Marine Contractors, a company of 1000+ employees providing oil and gas professional labor service, construction and lift boat worldwide. He has over 25 years of professional safety experience. Barfield is a degreed Speech Pathologist and Audiologist with 6 years experience in this specialty prior to entering the safety profession.

In 1999 the Department of the Interior, Minerals Management Service presented him with their Corporate Leadership Award. During his professional safety career he was instrumental in leading his employers company to become recipients of the Department of the Interior National SAFE Award for Oil/Gas Production Operators in 1997, 1998, 2000 and 2001.

Currently Gene is serving as ASSE President-Elect and in July 2004 he will be installed as the ASSE Society President.
